- Service Connection A formal determination that a disability is because of military service.
- **Nexus** connection.
- Denial a formal determination that a disability is not service connected.

Important Terms

- Date of Claim usually is the date the VA receives the claim. For claims filed while on active duty or within one year of discharge from active duty, the claim date is the first day following discharge.
- Effective Date of Pay First day of the month following the date of claim.
- Example:
 - Date claim filed: 1/13/2015
 - Effective date of pay: 2/1/2015
 - Actual day paid: 3/1/2015

Important Terms

- Each disability is rated individually according to the 38 Code of Federal Regulation (CFR), Part 4.
- Disabilities are divided by body systems and parts of the body.
- Disability can be granted at a 0% or in intervals of 10% to 100%.

Rating Schedule

7913 Diabetes mellitus

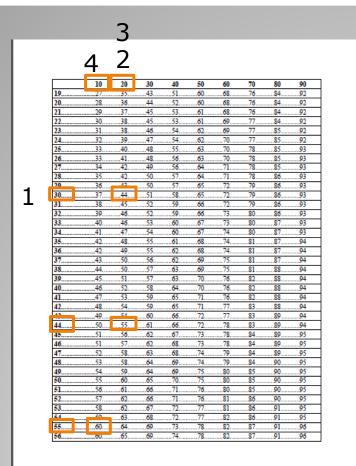

Requiring more than one daily injection of insulin, restricted diet,	
and regulation of activities (avoidance of strenuous occupational	
and recreational activities) with episodes of ketoacidosis or	
hypoglycemic reactions requiring at least three hospitalizations per	
year or weekly visits to a diabetic care provider, plus either	
progressive loss of weight and strength or complications that	
would be compensable if separately evaluated	0
Requiring insulin, restricted diet, and regulation of activities with	
episodes of ketoacidosis or hypoglycemic reactions requiring one	
or two hospitalizations per year or twice a month visits to a diabetic	
care provider, plus complications that would not be compensable	
if separately evaluated6	0
Requiring insulin, restricted diet, and regulation of activities	0
Requiring insulin and restricted diet, or; oral hypoglycemic agent	
and restricted diet	0
Manageable by restricted diet only	0

Note (1): Evaluate compensable complications of diabetes separately unless they are part of the criteria used to support a 100 percent evaluation. Noncompensable complications are considered part of the diabetic process under diagnostic code 7913.

Note (2): When diabetes mellitus has been conclusively diagnosed, do not request a glucose tolerance test solely for rating purposes.

38 CFR 4.119

Rating Schedule-Example

The disabilities are combined using the combined rating table in 38 CFR 4.25

Example: Jane Veteran received a rating with the following service connected disabilities:

> 30% 20% 20% 10%

What is her combined rating?

60%

38 CFR 4.25, Table 1

- Expectation of improvement in the disability
 - Cancers, surgery, & hospitalization
 - Determined at the time of decision

Permanent & Total

- Single disability or combined rating equaling to 100%.
- Does not consider employment.

Individual Unemployability (IU)

- Must have a single 60% or a combined 70% with a 40%.

Combined Ratings-100%

- Claims are paid according to the combined rating
- Dependent rates are paid starting with 30%
